

WPX 2.0

OUR STORY

WPX posted double-digit oil volume growth each of the past five years.

We're active in the Delaware, Williston and San Juan basins. We have more than **500,000** net acres in these areas.

WPX plans to run **10** rigs in 2017 and invest \$900 million in our business this year.

We have three decades of experience in E&P and more than **40** awards for innovation, best practices and doing the right thing.

GETTING IT DONE

WPX has a bias for action. Since 2014, we have engaged in **\$6.5** billion of transformational activity.

This covers more than **12** major transactions, including \$3.6 billion of acquisitions and \$2.9 billion of divestitures.

All of this has set the stage for us to target **30** percent growth in oil volumes in 2017.

INDUSTRY LEADERS

Our CEO, Rick Muncrief, has **36** years of upstream and midstream experience.

Institutional Investor recently named him as **1** of the top CEOs in the Midcap E&P space.

Overall, WPX employs more than **600** people in Oklahoma, New Mexico and North Dakota. Career opportunities are listed at www.wpxenergy.com.
